

A ECOMAX Refrigerant Recovery Unit

PROMAX

NEW

Promax introduces the lightest recovery machine on the market today. The all-new ECOMAX weighs only 8 kg, less than any recovery machine and many vacuum pumps! However, performance is not sacrificed by small size – the unit keeps pace with its big brothers, the MiniMax and RG5410A – recovering both vapor and liquid at world-class rates.

- Weighs only 8 kg!
- Recovers all commonly used CFC, HCFC and HFC refrigerants, including R410A
- High Pressure Safety cut-off switch
- Simple 2 valve controls
- Clear, easy-to-read pressure gauges
- Proprietary Oil-Less compressor recovers both liquid and vapor
- Integrated Inlet Filter Screen
- Corrosion proof injection molded plastic housing
- High efficiency cross flow fan/condenser layout
- Available in both 230 V and 115 V, 50 Hz models
- Includes 1.8 m (6 ft) power cord with universal IEC connector
- CE Approval
- Multiple International Patents Pending
- Dimensions: 310 x 235 x 175 mm
